### MY COMMITMENT TO YOU

**To work aggressively to protect our earned retirement benefits that are potentially threatened by today's difficult economic conditions and large fiscal deficits.**

**To protect NARFE and its mission by using my skills and experience to build a stronger organization.**

**To enthusiastically support a comprehensive review and revision of Headquarters' management information systems**

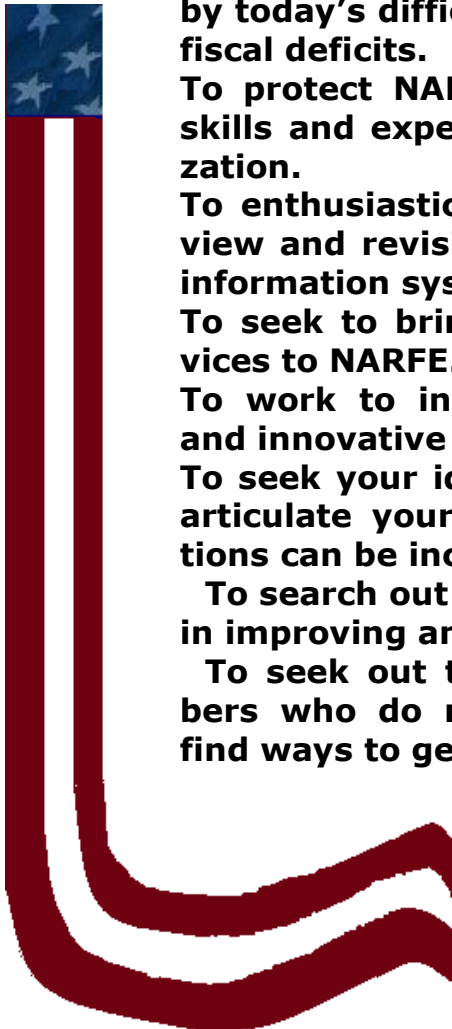

**To seek to bring new ideas, programs, and services to NARFE.**

**To work to increase membership through new and innovative strategies.**

**To seek your ideas and strive to understand and articulate your problems and concerns so solutions can be incorporated into NARFE.**

**To search out new and innovative ways to assist in improving and streamlining our organization.**

**To seek out the 88% to 90% of NARFE members who do not attend chapter meetings and find ways to get them involved.**

**We all get a lot by giving a little**
