Re: NARFE-VFC PAC Endorsements for Virginia House of Delegates, November 2017

This year all 100 of the seats in the Virginia House of Delegates will be up for election on November 7, 2017, including 7 open seats, with no incumbent running. The VFC Board is seeking input from chapters and members for possible endorsement and funding of House of Delegates' candidates. Please share the criteria with your members and, if inclined, please forward to me a memo of support for any candidates you feel support some or all of our issues. If your candidates are not on the attached list, it is ok to recommend, based on their platform and/or public comments you can document. **Your recommendation is due to me by September 15, 2017.**

Attached is a list of criteria for VFC-PAC endorsements in 2017, a list of Delegates who patroned or co-patroned one or more of our issues in the 2017 General Assembly, and a copy of the 2018 State Legislative Program.

If you do not yet have a state legislation chair in your chapter, please encourage someone to take this position. We are planning a NARFE-VFC Day at the General Assembly in January or February 2018 and would be pleased to have every chapter represented.
